8 CME Credit Hours

Dear Seniors, Esteemed Colleagues, and Friends,

It is my great honour and privilege to welcome you to the **Anup Master's Course (AMC) 2026**, the **7th Annual Mega Scientific Orthopaedic Meeting**, organised by the **Anup Institute of Orthopaedics and Rehabilitation**. AMC has evolved into a distinguished academic platform, attracting eminent faculty and delegates from across the globe. This annual congregation brings together orthopaedic surgeons, researchers, clinicians, physiotherapists, physical therapists, and allied healthcare professionals with a shared commitment to advancing excellence in musculoskeletal care.

Conference Theme: Preservation of Joint to Advanced Arthroplasty

The theme of AMC 2026 encapsulates the full spectrum of contemporary orthopaedic practice. It underscores the philosophy of timely joint preservation, biologic reconstruction, and minimally invasive interventions, while seamlessly progressing to the most advanced concepts in joint replacement and complex arthroplasty. The scientific programme has been meticulously curated to promote evidence-based decision-making, precision surgery, and innovation—aimed at optimizing patient outcomes and enhancing quality of life.

The Annual Meeting stands as a premier forum to learn directly from leaders in the field through intellectually stimulating and interactive scientific sessions. It also offers an unparalleled opportunity to engage with the latest technologies and innovations showcased in the Exhibit Hall, while fostering professional collaboration, mentorship, and enduring academic relationships.

We are honoured to host AMC 2026 at the **Hazaribag College of Dental Sciences and Hospital (HCDSH), Hazaribagh, Jharkhand**, a venue that provides an excellent academic environment for meaningful scientific exchange and professional growth.

As the **Organising Chairman, AMC 2026**, I extend a warm and respectful invitation to you all to join us for this landmark academic event.

Let us unite in our commitment to preserve joints, restore function, and advance the future of orthopaedic care.

With warm regards,

Dr. Ashish Singh

**Organising Chairman
AMC 2026**
